Message from

**Ms. Mariamma Koshy**

**President - Hockey India**

The past couple of months for the sport of hockey have been filled with expectations, action, and achievements as we have seen progress in all our teams across junior and senior levels. The month of July saw the Senior Women's Team travel for the World League Semi-Final in Johannesburg, South Africa, where they finished the tournament on the 8th position. It was a learning experience for the group of players who participated in the tournament as we had a mixture of results on the tour. However, the team's aim will be to rectify the errors in their endeavours as they travel to Europe to gain more game experience which should see them perform well.

On the other hand, our Senior Men's Team went for their Europe Tour where they played exceedingly well given that it was a young squad. We were able to beat World Number 4 team Netherlands twice on the tour and won the last game against Austria to finish the Tour on a good note. Hockey India continues to promote and develop the sport in the country by providing the right facilities to players at the Junior level. We have been proved this again through the inception of the Centre of Excellence for both the junior men and women.

The 91st All India MCC-Murugappa Gold Cup Hockey Tournament 2017 also took place in the two months and it was encouraging to see all the participating teams do well. However, in the end, there can only be one winner as it was Oil and Natural Gas Corporation who won the tournament by beating Bengaluru Hockey Association 4-2 in the final match.

The future holds exciting times for the sport as we continue to work towards our goal of finishing on the podium in the future in both the men's and women's tournaments. I would like to thank the Associate Members, sponsors, players and Coaches for their continued support for the development of the game in the country.
